SUMMARY

I'm Aryan Rathod, a full stack developer with experience in technologies like Next.js, Tailwind CSS, React.js, and TypeScript on the frontend, and Express.js, Mongoose, Medusa.js, MongoDB, and PostgreSQL on the backend. I am passionate about learning new things and continuously expanding my skill set to stay updated with the latest trends and technologies.

EXPERIENCE

Internship
12/2023 - 02/2024
Ahmedabad

The Special Character

Company Description
• Leveraged Next.js and Tailwind CSS to create a dynamic ecommerce website, showcasing products and facilitating transactions. Mastered full-stack development principles, seamlessly integrating front-end interfaces with back-end functionalities.

Web Developer
01/2024 - 02/2024
Gandhinagar

LDRP-ITR

Description
• Engineered a bespoke ticket registration platform for Xenesis2024, the flagship college fest of LDRP-ITR, leveraging React.js and Tailwind CSS. Expedited participant involvement by facilitating hassle-free ticket procurement directly from the website, ensuring a seamless user journey.

Group Leader
08/2023 - 11/2023
Ahmedabad

SSIP'23(Finalist) Gujarat Hackathon

Hackathon Description
• "We reached the finals of the state-level hackathon, SSIP, with our project 'CoachMate.' Built using the MERN stack, CoachMate is a dynamic website designed to connect coaches with students, offering a comprehensive platform for scheduling, communication, and resource sharing. We're excited for the final presentation!"

Group Member
08/2022 - 11/2022
Gandhinagar

SSIP'22(SemiFinalist) Gujarat Hackathon

Hackathon Description
• We participated in the SSIP'22 Gujarat Level Hackathon and developed "Krushiaadhar," a platform providing farmers with detailed information about their farms, policies, and the latest technologies. As part of the app development team, I created the application using Android Studio, enabling farmers to access and manage their farm-related data easily.

Education

Swaminarayana Gurukul, Mahuva	2008 - 2021
LDRP-ITR, Gandhinagar	2021 - 2025

STRENGTHS

☐ **Quick learner**
Once, I created a whole e-commerce website within 3 hours.

ACHIEVEMENTS

☐ **SSIP'23 Finalist**
I reached the finals of the SSIP'23 state-level hackathon, which had over 20,000 participants
